

## Tape for reinforcing liquid sealants

### Application areas

Wikofix TB 25 is a white tape for reinforcing Wisacoll-MSL, Wikosil-AIS and other sealants (including pasty ones).

### Product benefits

- increases the tear resistance of the entire belt, especially at transitions, edges and joints
- for indoor and outdoor use
- almost unlimited shelf life

### Base

Textilband

### Processing

The tape is inserted into the still liquid sealant and brushed over with a second layer of sealant or otherwise completely covered.

### Processing temperature

in accordance with the sealant manufacturer's recommendations

### Colour

white

### Standard stock dimensions

Item no.	Width	Packing unit	MOQ*
TB 25.150	150 mm	3 rolls of 25 m = 75 m	25 m

\*MOQ = minimum order quantity (1 roll)

### Shelf life

The product has an almost unlimited shelf life and is functional.  
Recommendation: In closed original packaging, protected from direct sunlight and stored in a dry place between +15 °C and +25 °C.

**Observe:** All information is based on careful examinations in the labs and our previous practical experience. They are non-committal notes. Due to the many materials that are marketed and the different processing methods, which we cannot influence, we can, of course, not assume any warranty, including under patent-law, for the result of your work. We recommend performing sufficient own tests to find out if the product meets the respective requirements. In addition, we refer to our terms and conditions of sale, delivery and payment, available at [www.wisabax.ch/agb.html](http://www.wisabax.ch/agb.html). © Wisabax AG - This technical data sheet replaces all older versions.

Have you noticed an unclear formulation or an error? Thank you for your feedback. In case of doubt, the German version of the technical data sheet applies.
